GENERAL INFORMATION

Health Services

The Cloudcroft Municipal School District is staffed with a school nurse and a health assistant to provide medical services while at school. The health office staff is available if the student becomes ill, has an injury, or requires other medical services. If the illness or injury is minor, the health office visit should wait until the last 10 minutes of class to minimize disruption of the class.

If your child becomes ill or obtains an injury that will need further medical evaluation, you will be called to pick your child up from school. Parents/guardians are expected to promptly make arrangements to pick the student up from school. Please ensure we have current phone numbers for parents, guardians and emergency contacts. In the event that the parent/guardian can not be reached, the school will call emergency medical services if deemed necessary.

Health Concerns

You will be asked to complete a health concerns questionnaire for your child. This information will be used to plan the health care needs of your child during school. We must have an accurate record of any medical problems, allergies, previous illnesses, or any health concerns. A physical exam before starting school is a good idea, but not required. When registering your child for school, there is a section to check on your child's health concerns. The school nurse will review their concerns and may send a follow up letter to get more information as needed to develop a health care plan. It is imperative that you give us the most updated information in order for us to provide the best services possible for your child. If your child has a potentially life threatening condition, we encourage you to speak directly to the health office personnel at registration.

Sick Day Guidelines

If your student becomes ill and doesn't feel well enough to participate in school, parents/guardians should keep your student home until the symptoms improve. This will help prevent the spread of the illness and infection to others at school.

Unsure if your student should stay home? Please refer to the Sick Day Guidelines below and keep your student at home if they exhibit any of the following symptoms. These are only some of the examples of when your child should be kept home, if not sure- please consult your healthcare provider:

When to stay home	When to return to school
Fever: temperature greater than 100	Fever free for 24 hours without the use of fever reducing medication
Vomiting within the last 24 hours	Free from vomiting for 24 hours or at least 2 solid meals
Diarrhea within the last 24 hours	Free from diarrhea for at least 24 hours
Rash: body rash with itching or fever	Free from rash, itching, or fever, evaluation from medical provider as needed

Head lice: active head lice, itchy head	Treated with appropriate lice treatment at home and proof is provided to nurse
Eye infection: redness, itching, and/or thick/crusty drainage from eye	Evaluated by medical provider and have note to return to school
Hospital stay and/or ER visit	Released by medical provider to return to school

*Parents/Guardians will provide a doctor's note for illness that persists longer than 3 days.

If antibiotic treatment is needed, your student should remain home for the first full 24 hours of medication (e.g., if your student has three doses per day ordered, then three doses must be given before the child returns to school). If any symptoms change, worsen or don't get better please call your healthcare provider. If medication administration will be required at school, please follow the guidelines above.

For those who have symptoms of COVID-19, it is recommended to test as soon as possible. These symptoms include, but are not limited to fever, cough, shortness of breath, fatigue, headache, muscle and/or body aches, new loss of taste or smell, sore throat, nasal congestion, vomiting or diarrhea. Should the student test positive for COVID-19, they will need to stay home and isolate for the first 5 days after testing positive or the onset of symptoms. After the 5 days of initial isolation, and the student has been fever free for 24 hours without the use of fever reducing medications, the student may return to school with the recommendation of wearing a mask for the 5 five days. As COVID-19 is a highly contagious respiratory illness, we appreciate your cooperation to help limit the spread of this, and other viral/bacterial illnesses in our school.

Medications at School

At times certain circumstances may make it necessary to administer prescription or over the counter (Tylenol, cough drops, ect.) medications at school. If this is required, the student must have a Medication Consent Form signed by the parent/guardian and a written order from a licensed medical provider. This form is available from the school nurse as well as on the district website. NO medication will be allowed at school or administered by school staff until the necessary forms are completed by the parent/ guardian and health care provider. All medications will be securely stored in the health office, except the emergency medications that are approved to be carried by the student. Students are not permitted to leave the school building to retrieve or self administer medication from their vehicles. (New Mexico Health Manual 2022, See policy Manual JLCD).

Prescription medications (including samples from Healthcare Providers) shall be labeled by the Healthcare Provider or by the pharmacist to include the child's name, name of prescribing Healthcare Provider and name of medication, dosage, and time of administration. Please ask the Pharmacist for a separate medicine bottle to keep at school. **Non-prescription medications** (over-the-counter) must be in their original container, labeled with the student name, and accompanied by written order from Healthcare Provider and written parent permission as described above.

A parent may visit the school to dispense the medications. Please do not send medications in backpacks, pockets, etc. This is a dangerous practice that could harm another student if the medication was accidentally ingested by another student. Student medication/inhalers are for individual use only. Sharing or lending to others may result in disciplinary action.

Immunizations

New Mexico Immunization Law requires that all students be immunized against certain vaccine preventable diseases. These requirements are determined by the New Mexico Department of Health in collaboration with the New Mexico Vaccine Advisory Committee using recommendations from the National Advisory Committee

on Immunization Practices. Therefore, it is a State requirement that the school has an up to date and complete immunization record for all students. Up to date immunization requirements can be found on our school website [Cloudcroft Municipal Schools](#) or on [New Mexico Department of Health](#) website.

Students shall not be enrolled in school unless satisfactory evidence of their completed immunizations, or proper exemption, can be presented. It is unlawful for any parent to refuse or neglect to have his/her child immunized, as required by state law, unless the child is properly exempted. NMAC 6.12.2.8 requires that schools start the disenrollment proceedings for students who are unable to provide satisfactory evidence of commencement or completion of immunization or a valid and current Certificate of Exemption Form. Information regarding immunization exemptions can be found on the [New Mexico Department of Health](#) web page.

STUDENT DIABETES MANAGEMENT

The parent/guardian of each student with diabetes who seeks diabetes care while the student is in attendance at school shall submit to the school a diabetes medical management plan. The school in which each child attends will supply/allow/comply with the following for each student with a diabetes management plan:

<ul style="list-style-type: none"> • Trained staff to perform diabetes care functions when necessary. 	<ul style="list-style-type: none"> • A student with diabetes and a diabetes medical management plan can have/do the following: <ul style="list-style-type: none"> ◦ Obtain on the child's person all equipment and supplies necessary to perform diabetes care tasks ◦ Blood glucose checks ◦ Administer insulin ◦ Treat hypoglycemia/hyperglycemia

MEDICAL CANNABIS

It is recommended that the student with a medical cannabis card be administered the prescribed medical cannabis at home. In the instance that the qualified student requests administration of this complementary alternative medicine during school hours, the school will strictly follow the requirements outlined in the Cloudcroft Municipal Schools Administration of Medical Cannabis Contact in accordance with Section 22-33-5 NMSA 1978, 6.12.10 NMAC, the Lynn and Erin Compassionate Use Act.

Any student requiring administration of medical cannabis during the school day **MUST** schedule a meeting with the building principal, nurse and counselor to be approved. Simply carrying a medical cannabis card does not allow the student to have medical cannabis on school grounds or school sponsored events. Students with approved medical cannabis must comply with all rules and stipulations put forth by the Lynn and Erin Compassionate Use act and Cloudcroft Municipal Schools.

<ul style="list-style-type: none"> • Medical cannabis has been authorized for use by the qualified student (Lynn and Erin Compassionate Use Act). 	<ul style="list-style-type: none"> • A meeting to discuss and create a plan for the use of medical cannabis with the nurse, counselor and building principal must take

SCHOOL WELLNESS POLICY

The School Wellness policy and State Law 6.12.5 NMAC and 6.12.6 NMAC that the district will strive to make significant contributions to the general well-being, mental and physical capacity, and learning ability of each student while affording them the opportunity to fully participate in the educational process. Food that is brought into the school for snacks or parties must follow the following guidelines (also listed are items that do fit within state law requirements as "Healthy Snacks"):

School Snacks: A Guide

The face of school snacks is changing. With the new USDA regulations, healthful foods are replacing cookies and candy as the snacks available to kids. But how will this impact your school event? Let's take a look...

The Guidelines:

School snacks must conform to the USDA guidelines, which include calorie limits, sugar caps, and nutrient requirements.

- **Calorie Limits:** All snacks, including accompaniments like butter and cream cheese, must have no more than 200 calories per serving.
- **Fat Ceilings:** Fat must make up no more than 35% of the total calorie count, with saturated fat content at less than 10% and trans fat content at 0. Shoot for less than 35 calories of fat per 100 calories of food.
- **Sugar Caps:** Only 35% (or less) of the weight in any snack food may come from sugar.
- **Nutrient Requirements:** In order to meet the USDA's guidelines, snacks must either be rich in whole grains, contain at least a quarter cup of fruit and/or vegetables, have a fruit, vegetable, protein food, or dairy product as the first ingredient, or contain 10% or more of the percent daily value of potassium, dietary fiber, vitamin D, or calcium.

The Guidelines and YOU:

Technically these guidelines are only required for food items sold at the school. They do not apply to off-site fundraisers or events that take place during non-

school hours. However, we encourage everyone to follow the guidelines above.

Make It Yourself Snack Inspiration:

Looking for great ideas that conform to the new requirements? Try some of these snacks...

- **Grapes, apples and pears** are the perfect portable fruit treat.
- **Popcorn trail mix:** 5 cups lowfat popcorn, 1/4 cup peanuts, 1 cup raisins - put in 6 bags.
- **Strawberry crunchies** are always a hit. Have kids dip whole strawberries into yogurt, then roll the dipped berries in whole grain cereal.
- **Yogurt** - "lite" yogurt is low in sugar. Or top plain yogurt with fresh fruit.
- You can't go wrong with an assortment of sliced **veggies** and a flavorful plain yogurt dip mixed with a little chopped onion or herbs!

We have a closed campus for lunch. Unless arrangements have been made with the principal, students are NOT to leave the school campus during lunchtime.

Lunch will be served in the commons.

"In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity."

FEE/FINES

Any fees, library fines, payment for lost or damaged books, breakfast/lunch charges, lost uniform payments, equipment damage, or other monies owed to the school must be cleared before any transcripts will be released. Diplomas will also be held if a graduating student owes any fees or fines.

Due to the increasing cost of materials and supplies, some elective courses require that a fee be paid to cover the cost of these materials. Students may choose to pay half the fee each semester. This fee is non-refundable should a course be dropped after the 2 weeks of the semester. Fees should be paid at the beginning of the semester in the high school office.

SCHOOL VISITORS

We are always happy to have parents visit our classrooms, but we do ask that arrangements for these visits be made with the principal. In the interest of safety for ALL students and to keep interruptions to a minimum, ALL visitors to our school must sign in at the school office to pick up a visitor pass. Cloudcroft Municipal Schools does not allow students from other schools to attend classes when visiting the Cloudcroft area, as this can disrupt the learning environment. **Lunchtime visits will be allowed only with the Principal's prior approval with 24-hour notice.**

ACTIVITY/FIELD TRIPS

Field Trips will be based on educational objectives and will ensure that the care, welfare, and safety of students are in place. Students are required to travel to and from the activities with the team or club they represent unless a travel release form has been submitted and approved by the principal 24 hours before the event. Students with behavior issues who are on the D&F list or the ineligibility list may not be permitted to attend trips. Good conduct and appropriate dress is expected while on the trip and should reflect the values of Cloudcroft Schools.

CARE OF SCHOOL EQUIPMENT AND FACILITIES

Respect our school facilities by taking care of them. Students are to demonstrate respect for the school facilities and equipment through proper treatment of all school property. The school is public property for which each of us is responsible. Anyone who intentionally damages, misuses, or defaces school property will be responsible for the cost of repair or replacement and will face disciplinary action (See Policy Manual JICB and Discipline Matrix).

All basic textbooks, library books, *Chromebooks/case*, and supplemental materials are loaned to students during the school year. All assigned texts and related materials are the responsibility of the student. Lost or damaged textbooks and other assigned materials are to be paid for by the student at replacement cost. (See Policy Manual JICB)

A locker and lock will be assigned to the student upon enrollment. The school-issued lock is the only allowed lock on locker(s). Any personal lock will be destroyed. Any abuse or misuse of the locker will be paid for by the student assigned to the locker. Students are not to use any locker other than the one assigned to them. A \$5.00 replacement fee will be charged for any lost or damaged school lock.

School property assigned to a student and a student's person or property, while under the authority of the public schools, is subject to search. Items found are subject to seizure in accordance with New Mexico state law.

To access computers at the school, students and parents must have an acceptable use policy signed and on file. Students and parents in grades K-5 must also read and sign the Cloudcroft Municipal Schools 1:1 Chromebook Electronic Information Services, Procedures, and Information Guide before being issued a Chromebook. Please refer to the Discipline Section regarding consequences for violating the Acceptable Use Policy or not caring for the computers.

Please read the policy on 1:1 Chromebook Electronic Information Services found-Appendix B.

FIRE DRILLS, HAZARD DRILLS, EVACUATION DRILLS

Due to legislation, emergency drills are conducted eight times throughout the school year. During the first four weeks of the school year, each school will be required to conduct a shelter-in-place drill that includes preparation to respond to an active shooter, one evacuation drill, and two fire drills. During the remainder of the school year, each school will conduct at least four additional emergency drills, including two fire drills. CMS District reserves the right to offer more than eight drills during the school year to ensure all staff, faculty, and students are prepared for a crisis situation.

SCHOOL CLOSING IN UNUSUAL SITUATION

In the event that the school has to be closed because of an unusual circumstance, the official announcement of school closing will be given over the area radio and television stations, local cable channel, school Facebook and School Messenger.

Should Cloudcroft District need to close schools due to in-climate weather or unusual situations, such as in the case of the COVID-19 pandemic, Cloudcroft District will utilize the online platform, Canvas, for educational instruction.

TRANSPORTATION OTHER THAN BY SCHOOL BUS

In the interest of safety for ALL students, no cars will be allowed to drop off or pick up students in ANY of the paved parking areas before and after school. Parents, please use the highway parking areas or Pull through the Drop off Lane for this purpose. At no time before and after school are vehicles to be in the BUS LANE or CROSSWALK areas.

If a bicycle is ridden to school, it must be placed in the bicycle rack immediately upon arrival at school and remain there until dismissal. Students riding bicycles to school should observe all traffic regulations. They should WALK bikes when on the sidewalks, in the parking lots, and when crossing the highway. In the interest of safety for students riding bicycles to school, if the highway is to be crossed on the way to or from school, please cross the highway at the crosswalk.

Students walking to school should observe safety regulations at all times and be alert to traffic. If the highway has to be crossed, this should be done at the designated crosswalks. Assistance is provided before and after school at the crosswalk in front of the middle school.

SCHOOL BUS TRANSPORTATION

Safety of all students riding a school bus is a must. Students who ride a school bus are under the authority of the school bus driver. The behavior of students on a school bus must be exemplary. All rules and regulations of the driver must be followed. State of New Mexico "Standards for School Bus Operation," State Board of Education Regulation No. 83-3, states (section 6.1.1), "Students transportation is a PRIVILEGE extended to students who qualify for transportation pursuant to statutes 22-16-2 and 22-16-4, N.M.S.A., 1978 compilation. Students who do not obey the state and local regulations governing student transportation may have their transportation privileges revoked by the school district." Section 6.1.5 states, "The driver is in full charge of students when they are riding on the bus. The student must obey the driver promptly." All involved parties working together will help make the transportation of our students safer and more enjoyable. (See Discipline Matrix)

If your student will be riding a bus other than their regularly scheduled bus, they will have to have a written parent/guardian note permitting them to do so. This permission note will also need to be signed in the office before permission can be given to the student to ride the bus. It is helpful if these arrangements are made with the bus driver in advance. (See Policy Manual EEAECE)

LOST AND FOUND ITEMS

All items brought to school by a student are the student's responsibility. The student is also responsible for all assigned school materials. In the interest of aiding the return of lost and found items, **please** put your student's name on everything brought to school. Lost items will be placed in lost and found in the individual schools. "Lost and Found" is at the entrance of the Elementary School. Lost items will be disposed of at the end of each semester.

FUNDRAISING AND SELLING ITEMS ON CAMPUS

Any club or organization affiliated with the school must get approval from the principal and superintendent at least 2 weeks before engaging in any collecting or raising of money.

Students are prohibited from bringing products on campus to sell to other students without the express permission of the principal.

AHERA NOTIFICATION

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA). This required schools to be inspected to identify any asbestos-containing building materials. All Cloudcroft Municipal School buildings were inspected, and suspected materials were sampled to be tested and rated according to conditions and potential hazards. Every three years, CMS is required to be re-inspected to determine if any known or

suspected asbestos-containing building materials (ACBM) have changed and to make recommendations on managing or removing the ACBM.

The law further requires an asbestos management plan to be developed to monitor any known or suspected ACBM. The plan has several ongoing requirements: This notification letter announcing the availability of the management plans for anyone to review upon request, training of the support staff about asbestos and how to deal with it, notifying short-term workers such as subcontractors of the locations of any known or suspected ACBM. The designated asbestos coordinator conducts a six-month inspection of areas of the buildings where known or suspected ACBM are located to ensure they remain in good condition.

It is the intention of Cloudcroft Municipal Schools to comply with all federal and state regulations controlling asbestos and to take whatever steps are necessary to ensure students and employees a healthy and safe environment in which to learn and work.

STUDENT CONCERNS, COMPLAINTS, AND GRIEVANCES

- Harassment of the student, which means knowingly pursuing a pattern of conduct that is intended to annoy, alarm or terrorize another person.
- Intimidation by another student.
- Bullying by another student, which means any repeated and pervasive written, verbal, or electronic expression, physical act or gesture, or a pattern thereof, that is intended to cause distress upon one or more students in the school, on school grounds, in school vehicles, at a designated bus stop, or at school activities or sanctioned events. Bullying includes, but is not limited to, hazing, harassment, intimidation, or menacing acts of a student, which may, but need not be based on the student's race, color, sex, ethnicity, national origin, religion, age, disability, handicap, sexual orientation, gender identity, or marital status.
- Concern for the student's personal safety.

Provided that:

- The topic is not the subject of disciplinary or other proceedings under other policies and regulations of this District, and
- The procedure shall not apply to any matter for which the method of review is prescribed by law, or the Board is without authority to act.

The guidelines to be followed are:

A parent or guardian who wishes to complain (other than an elementary student's parent) should do so by completing the forms following policy KE on Public Concerns and Complaints.

A complaint/grievance may be withdrawn at any time. Once withdrawn, the process cannot be reopened if the resubmission is longer than thirty (30) calendar days from the date of the occurrence of the alleged incident. False or unproven complaint documentation shall not be maintained.

Retaliatory or intimidating acts against any student who has made a complaint under this policy and its corresponding regulations or against a student who has testified, assisted, or participated in any manner in an investigation relating to a complaint or grievance are specifically prohibited and constitute grounds for a separate complaint.

Knowingly submitting a false report under this policy shall subject the student to discipline up to and including suspension or expulsion. Where disciplinary action is necessary pursuant to any part of this policy, relevant District policies shall be followed.

OPEN/OUT OF DISTRICT POLICY

While any school-age person who is a resident of New Mexico is entitled to a free public school education as set forth in state law, the educational responsibility of Cloudcroft Municipal Schools is first and foremost to those students who reside within the boundaries of the Cloudcroft Municipal School district. Therefore, priorities for the enrollment of students are set forth below.

RESIDENT STUDENTS

Resident students are those whose parent/legal guardian provides acceptable evidence of residency within the Cloudcroft School District. A residence of a person is that place in which his or her habitation is fixed and to which, whenever that person is absent, he or she has the intention to return. A parent/guardian can have only one residence for the purposes of District residency. Each school year, a parent/legal guardian or student shall provide evidence of residency within the Cloudcroft Municipal Schools District.

Students who must relocate outside the District's geographical boundaries for custodial care due to a parent/legal guardian's active duty in the armed forces or national guard shall be enrolled in accordance with applicable law, or are otherwise eligible for in District enrollment under federal or state law, shall be considered resident students for purposes of enrollment.

NONRESIDENT STUDENTS

Where the maximum allowable class size, as established by law or the District, will not be exceeded, the Cloudcroft School District will enroll nonresident students, as prioritized below.

Like resident students, non-resident students and their parent/legal guardian shall sign and adhere to the Cloudcroft Municipal Schools behavior policy/contract and the Cloudcroft Municipal Schools attendance policy/contract. Failure to comply with those policies and contracts, or any other policies of the District, shall subject the student to disciplinary consequences, as set forth in state law.

The Superintendent shall annually prepare and make available the District's application process, standards for acceptance or rejection, and policies, regulations, and procedures for open enrollment of nonresident students. The packet will be made available to everyone who requests it.

For non-Title, I schools, the notice provided to parents must incorporate the open enrollment provision that students from schools identified for improvement are considered to have high priority when considering transfer requests. If funding from non-federal (state or local sources) is not available, parents should also be notified that funding for transportation is not possible.

Any eligible New Mexico resident may seek open enrollment by completing and submitting an enrollment application form as set forth above. Nonresident applicants may be selected or may receive notice of early placement on the waiting list for enrollment if their applications are received between March 1 and April 30 prior to the beginning of each school year. Those applications received after this period will be added to a waiting list in the order that they are received and may be considered following the placement of students already on waiting lists by grade and enrollment priority categories. All pupils seeking enrollment must reapply yearly.

Nothing in this open enrollment policy shall prevent the District from placing a pupil at any time in a school based on the best interest of the student, and school-provided capacity is available.

Applications will be considered in the priority ranking order of the date and time they are received. Parents will be notified by their preferred method of contact (e.g., phone, email, or text) if their child is accepted to attend Cloudcroft Municipal Schools.

FIRST PRIORITY PLACEMENT: PRIORITY ONE STUDENTS

The Superintendent shall annually estimate excess capacity in order to accept transfer students. The estimate of excess capacity shall be made for each school and grade level and shall take into consideration the enrollment of Priority One students. Such Priority One students shall be:

- Resident pupils in assigned school attendance areas
- Pupils who are enrolled in the school the previous year but relocated outside the attendance area for custodial care because their parent/guardian was deployed as an active duty member of the US armed forces or national guard
- Homeless pupils who were enrolled in the District as the school of origin (A school of origin means the school that the student attended when permanently housed or the school in which the student was last enrolled.)
- Pupils who qualify for enrollment under any other federal or state law.
- Eligible children of employees on a space-available basis.

PRIORITY RANKING: PRIORITY TWO STUDENTS

If the Superintendent has determined excess capacity to enroll additional nonresident pupils, such pupils shall be selected for enrollment on the basis of designated priority categories, by grade, from the pool of pupils who have completed and submitted proper applications and meet admission standards:

1. A request of transfer from a school ranked as a school in need of improvement or one subject to corrective action.
2. A request from a pupil who previously attended CMS.
3. A request from all other applicants.
4. A student who falls in enrollment priorities of previously attended the public school or any other applicant as found above may be given additional enrollment preference within that enrollment priority by the Superintendent upon request by the applicant and in consideration of each of the following circumstances subject to the capacity available:
 - a. After school child care for students;
 - b. Child care for siblings of students attending the public school;
 - c. Extreme hardship;
 - d. Location of student's previous school;
 - e. Siblings attending the school/District; and
 - f. Student safety

Out of District applications will be added to a waiting list in the order that they are received and may be considered following the placement of students already on waiting lists by grade and enrollment priority ranking. All school attendance area nonresident transfer pupils enrolled and pupils seeking enrollment must reapply yearly.

A student who has been expelled during the last twelve (12) months by any district or private school in the United States or who has exhibited behavior detrimental to the welfare or safety of other students or school employees in another school or school district in the United States within the last twelve (12) months shall not be admitted. Acceptance for enrollment may be revoked or re-enrollment denied upon finding the existence of any of these conditions.

The estimate of capacity shall be made for each school and grade level and shall be based upon 22-10A-20 NMSA 1978.

SCHOOL and CLASS CAPACITY

The Superintendent shall annually estimate how much excess capacity may exist to accept nonresident pupils. The Superintendent shall determine the class size based upon enrollment projections, student learning needs, and within limits established in state law. If capacity is available, the school district may enroll other students according to priority ranking and applicants on the waiting list (22-10A-20 NMSA 1978).

The impact of First Priority Placement on the school-level **special education programs** will be considered before a determination of space availability is made.

GRADE LEVEL	STATE STATUTE (NMSA 22-10A-20)	DISTRICT GUIDELINES
Kindergarten	Kindergarten = 20 students per class Class load of 15-20 students will have an Instructional Assistant (IA)	Accept Open Enrollment students until approaching 17 students per class.
Grade 1, 2, 3	Gr 1-3 = Average of 22 students (i.e., number of total students/#teachers in those grades) Class load of 21 or more students in grade one will have an IA.	Accept Open Enrollment students until approaching 19 students per class.

DISENROLLMENT

If a nonresident student voluntarily disenrolls or is lawfully disenrolled for any reason (e.g., expulsion, withdrawal for nonattendance as permitted by NMSA 1978, § 22-8-2 (B) (2009), enrollment in another district, private school, or homeschool, the student must reapply for transfer. The student's status as a Priority Two student shall be determined at the time the student seeks to re-enroll.

TRANSPORTATION Parents must provide transportation for nonresident students.

EQUAL OPPORTUNITY

Cloudcroft Municipal Schools will not discriminate against any student on the basis of race, ethnicity, color, national origin, sexual orientation, gender identity, religion, age, marital status, disability, or handicap in the provision of or access to services and programs.

ATTENDANCE POLICY

The regular school attendance of a child of school age is required by state law. Regular, uninterrupted classroom instruction, classroom participation, and interaction with classmates are essential to the educational process and are integral to the learning process. Preparation and training for subsequent study or employment include the development of self-discipline through regular class attendance.

The presence or absence of each student must be recorded each school day. Teachers follow CMS directives and state requirements in coding unexcused/excused absences and tardiness.

The New Mexico Attendance for Success Act requires that all school-age children attend school until the age of eighteen or until they graduate from high school or receive a GED certificate. Maintaining regular school attendance is the joint responsibility of parents and educators. In keeping with that obligation, the following rules for school attendance shall be observed and enforced for all students.

I. Absences

- A. "Absence" – A child not at school for a class or school day, whether excused or not.
 - 1. Interscholastic extracurricular activity absences are exempt as they are not considered an absence from school. NMAA regulations allow for a student to accumulate 15 activity absences per semester. The student is expected to make arrangements with the teacher prior to being gone for the school activity concerning any missed classwork and/or homework.
- B. "Excused Absence"--An absence from a class or school day (half of the students approved program) for which the student has an allowable excuse, one for necessary and important reasons only.
 - 1. Types of allowable excused absences: illness (including appointments with mental health care providers), injury, bereavement of a family member, other family emergencies, and observance of major religious holidays of the family's faith or religious instruction and tribal obligations.
 - 2. At CMS's discretion, written confirmation may be required by the school when the student returns to school. The letter must be provided by a medical practitioner, a funeral service provider, a provider of religious education, or a tribal official.
 - a) Excused Absence due to Religious Instruction: A student may, subject to prior written notice from parents/guardians and the prior approval of the Principal, be absent from school to participate in religious instruction for not more than **one** class period of the school day with the written consent of the parent/guardian, at a time that is not in conflict with the academic program of the school. CMS does not assume responsibility for the religious instruction for any student, nor does it permit religious instruction to be conducted on school property. The student is expected to make arrangements with the teacher prior to being gone for the school activity concerning any missed classwork and/or homework.
 - b) Excused Absence due to Tribal Obligations: A student will, subject to prior written notice from parents/guardians and the prior approval of the Principal, be absent from school to participate in tribal obligations with the written consent of the parent/guardian. CMS shall provide time for the student to make up the school work missed during the absence.
 - 3. Special family situations may be considered appropriate for an excused absence when subject to **prior** written notice from the parents/guardians and **prior** approval is received from the Principal. The Principal's decision on the request shall be considered final.
- C. Pregnant Students: If a student becomes pregnant, a plan will be devised to support the student's educational needs throughout their pregnancy. The recommendations may require a 504 plan and shall be on a case-by-case basis, but would fully support their

education through homebound or in-school education. Decisions about excused and unexcused absences would be discussed and agreed upon in the meeting.

D. Partial Day Absences

1. High School/Middle School: Students will be considered absent from each class period after 20 minutes.
2. Elementary Students: Students Who are **30 minutes or more late**, they will be **counted absent for half a day** for the morning absent report. If a student **leaves early 30 minutes or more, they will be counted as absent for the afternoon** report.

E. Appointments: If a student must leave school early for an appointment, the parent *must* notify the school secretary or principal either by phone or written notice. It is highly recommended that all appointments (doctor/dentist) be made on Mondays to avoid unnecessary absences from school. Students must sign in/out in the school office.

F. Early Release: Students with early release must sign out in the school office (see policy).

G. Truancy policy to apply to all grades: Students will be considered truant if they leave school without permission or stay out of class without permission. Students are not to miss a class in order to complete work for another class without written permission from the teacher whose class is being missed. Failure to be in class is considered truancy, even if the student is on campus. Refer to the Discipline Matrix.

H. "Unexcused Absence:" An absence from a class or school day (half of the student's approved program) for which the student does not have an allowable excuse.

I. Homework Policy

1. Homework– Excused Absence: Following an **excused** absence, parents or guardians shall arrange make-up work with the student's teacher. A student shall be given a *reasonable* time as set forth by the teacher in their class syllabus to make- up the work the student missed during the absence.
2. Homework-Excused Absence: Following an **unexcused** absence, make-up work is at the discretion of the teacher.

II. Attendance for Success Act

A. Understanding the Law

1. The New Mexico Attendance for Success Act requires that all persons between the ages of five and eighteen attend a public, private, or home school, or a state institution unless that person has graduated from high school or has received a general education development certificate, or that person's parent or guardian provides written, signed permission for that person to leave school for health reasons or in case of hardship, and that permission is approved by the Principal.
2. Parents are expected to notify the school for **each** day of a student's absence by calling the school or by sending a written explanation to the school upon the student's return. In the case of an emergency, the parent may send a note or call the school upon the student's return.
3. Students enrolled in CMS shall attend school for the length of time of the school year as established by the school district.
4. Students are expected to have no more than a 5% absentee rate per school year, which includes both excused and unexcused absences.
5. Students are expected to arrive on time to school each day and to remain in school until the scheduled dismissal.

B. Definitions

1. "Chronically absent"/"Chronic absenteeism" means a student who has been absent for ten percent or more of classes or school days for any reason, whether excused or not, when enrolled for more than ten days."
2. "Excessively absent" / "Excessive absenteeism"--" means a student needing intensive support and has not responded to intervention efforts implemented by the public school."
3. "Educationally Neglected Child" means a child who is permitted by his or her parents to be chronically truant may be considered a child of educational neglect. State law requires the schools to report children believed to be educationally neglected for the investigation to the Probation Services Office and/or the judicial district in which the student resides.

4. "Whole school prevention" means universal, whole-school prevention strategies for all students, including students who have missed less than five percent of classes or school days for any reason;
5. "Individualized prevention" means targeted prevention strategies for individual students who are missing five percent or more but less than ten percent of classes or school days for any reason;
6. "Early intervention" means interventions for students who are missing ten percent or more but less than twenty percent of classes or school days for any reason, and
7. "Intensive support" means interventions for students who are missing twenty percent or more of classes or school days for any reason.

C. Policy

1. Whole-school interventions will be provided to all students with less than 5% absences.
2. An **Individualized Attendance Plan** will be provided to students who have 5%-10% (when enrolled for more than ten days). A school designate shall talk to the parent/guardian (either in writing or in person) and inform them of the student's attendance history, the impact of student absenteeism on student academic outcomes, the intervention or services available to the family, and the consequences of further absences which may include referral to the Children, Youth, and Families Department (CYFD) for chronic absenteeism.
3. An **Early Intervention Plan** for Chronically Absent Students will be put into place for those students who have 10% – 20% absenteeism (when enrolled for more than ten days). The Attendance Administrator shall notify the parent/guardian of a child found to be chronically absent in writing and include the date, time, and location for the parent/guardian to meet to establish an Early Intervention Plan. This plan will include an Attendance Contract and weekly monitoring and reporting of student attendance to the parent/guardian. Parents of students with any further unexcused absence after meeting with the Principal to develop an Early Intervention Plan and to discuss further consequences such as a CYFD referral.
4. A student reported to have 20% or more absences (when enrolled for more than ten days) is a child deemed "**Excessively absent.**" The Attendance Administrator shall notify the parent/guardian of a child found to be chronically absent in writing and include the date, time, and location for the parent/guardian and student to meet with the Principal, school counselor, Attendance and SAT Team, PSO, CYFD and/or JPO. An attendance contract will be signed detailing consequences for future absences, such as making up time missed through Monday school. Non-Punitive (OSS or Expulsion) consequences will be discussed and put into place.
5. After explicit notification to the parent/guardian concerning excessive absences despite the signing of the attendance contract and the exhaustion of all intervention efforts, the school may consider the loss of school credit and a voluntary withdrawal from the school constituted by the student's excessive absences.
6. The Public Education Department's truancy prevention coordinator (or designate) or Children Youth and Families Department representative, or representative of the Probation Services Office shall be permitted access to any records and information related to chronically absent students or excessively absent students

- B. When entering school after the tardy bell, all students must enter at the Elementary office and then report directly to the school office before going to class. An admission slip will be issued, and attendance information will be adjusted accordingly.

IV. TRUANCY

- A. Students are considered truant if they leave school during the school day or stay out of class without permission. Students are not to voluntarily miss a class to work on missed homework unless prior permission has been provided by school administration or teachers.

DISCIPLINE

POLICY

Cloudcroft Municipal Schools (CMS) administration, faculty, and staff are committed to establishing and maintaining appropriate student behavior and recognize that a safe environment which fosters respect is an essential precondition of learning. CMS will strive to be a well-disciplined school with a school-wide emphasis on the importance of learning and intolerance of conditions that inhibit learning. High behavioral expectations will be shared and communicated with students while in attendance at schools in both curricular and extracurricular activities.

All discipline referrals will include a student conference and parent contact by phone and/or written correspondence. Extenuating circumstances may cause deviation from the written procedure.

TEACHER DISCIPLINE PLAN OF ACTION

The plan must include the following steps for dealing with misbehavior but may be individualized by adding additional steps. Teacher consequence/intervention may increase in severity as steps increase.

STEP 1: 1. Teacher Warning

STEP 2: 1. Teacher Student Conference
2. Parent Contact
3. Possible Teacher Consequence/Intervention

STEP 3: 1. Teacher Consequence/intervention and Student Conference
2. Parent Contact
3. Documentation in PowerSchool or SWIS
4. Inform/Notify Principal

STEP 4: 1. Teacher Consequence/intervention and Student Conference
2. Parent Contact/Conference-(Principal present)
3. (2nd) Documentation in PowerSchool or SWIS
4. Behavior/Academic Contract

STEP 5: 1. Referral to Principal with all documentation in PowerSchool or SWIS

Teachers may refer students to Student Assistance Team (SAT) for behavior or academic intervention.

DETENTION involves removing the student from the classroom or general population during break time, noon, or at the close of the school day following appropriate minimal due process. Detention outside of school time may be invoked with appropriate consideration given to student transportation, weather, and other extenuating circumstances. A student shall not be denied eating or the use of the restroom during detention periods.

COMMUNITY SERVICE students will participate in civic enhancement projects (per-student basis) before school, during school, and/or after school.

IN-SCHOOL SUSPENSION involves removing the student from the regular classroom for a designated number of school days. The student's classwork is expected to be completed and submitted. Teachers will monitor student progress to evaluate understanding and collect completed work. Work will be counted toward classroom grading requirements. Parents will be notified if this disciplinary measure is implemented.

IN-SCHOOL SUSPENSION RULES

At the start of ISS, students will be expected to write each of the rules below (numbered 1–6) neatly and legibly. Instruction will be provided by the ISS monitor:

1. Be in your seat and ready to begin class at **7:45**. Remain in your seat at all times sitting up straight, keeping feet and chair on the floor, and facing forward with your hands to yourself.
2. You must be working on an assignment at all times and WILL follow the posted schedule of subjects for the day. Once your assignments have been completed, or if you have no assignments, raise your hand to allow the ISS monitor to provide you with work to complete. If all work is finished, you may read a book or magazine. You may not sleep under any circumstances.
3. All assignments require a complete heading. This includes your name, date, teacher's name, subject, and class period. All assignments must be completed by following the directions given. You will complete all assignments to the best of your ability.
4. Raise your hand to ask a question, get help with an assignment, or when an assignment has been completed. Talking, making noises, and/or communicating with other students or teachers is strictly forbidden.
5. Instructions and/or directions from the ISS teacher will be followed at all times.
6. You will be dismissed from school after the teacher has inspected your area for cleanliness, all trash and debris have been picked up, and your chair has been pushed in.
7. Breaks-
 - Restroom breaks will be at 9:30 am, after lunch when the halls are clear, and at 1:45 pm. Only one person is permitted in the restroom at a time. Students in ISS and the ISS monitor will all leave the classroom and walk quietly, single file down the hall.
 - Lunch will be eaten at your desk. You will remain facing forward and there will be no talking. When you have finished your lunch, raise your hand to clear your area.
 - While assigned to ISS, you may not go to any other area of campus. You will come straight to the ISS room at **7:40 am** and leave immediately when you are excused at 3:30 pm. If you need to talk with a teacher before or after school, the ISS teacher will issue a pass to you, which must be returned with a signature from that teacher.
 - The study area will not be moved, written on, or damaged in any way.
 - Personal grooming is not allowed in the ISS classroom, including combing your hair or applying makeup.
 - ISS students are not permitted to attend any Cloudcroft Municipal Schools function during the school day. Students serving ISS may attend athletic or extracurricular practices at the end of the school day. The day the student resumes regular class periods, the student will be eligible to participate in athletics and extracurricular games and events.

STUDENTS WHO CHOOSE NOT TO FOLLOW ISS RULES ARE SUBJECT TO FURTHER DISCIPLINARY ACTIONS.

For students to have successfully completed a day of ISS they must obtain 70 points for a full day with a maximum of 105 points possible or 35 points for a half day. Students will earn points each class period using the following rubric. If a student fails to earn the required points, they will get the opportunity the next day to successfully complete their day in ISS.

The student on out-of-school suspension must make up all missed assignments. CLOUDCROFT ELEMENTARY SCHOOL

DISCIPLINE MATRIX

Progressive Discipline

School administrators and teachers will follow a progressive discipline process when it is necessary to impose discipline. The degree of discipline to be imposed by school officials will be in proportion to the severity of the behavior of a particular student. It will take into account the student's discipline history, the age of the student, and other relevant factors.

The following elementary school code of conduct has been adopted to protect and foster respect for the rights of CMS elementary students and staff. Infractions of this Code of Conduct are grouped into three levels based on the severity of the infraction, and each violation of the code may have from one to three levels of consequences. Additional violations of 4 or more will be addressed according to the guidelines set below in the Additional Consequences after the Level I and Level II matrix area.

These represent the recommended guidelines for the elementary school's disposition of discipline situations. Therefore, depending on the circumstances of the behavior or education status of the student, responses may vary from situation to situation.

In all cases, administrative discretion will be exercised.

Appropriate dress for school is respectful and in good taste, with modesty being the prevailing model. Personal attire should reflect pride and respect for who you are as a student at Cloudcroft High School.

To promote the safety of students and a non-disruptive environment for the orderly operation of the school, a student's appearance or mode of dress and/or cleanliness shall not disrupt the educational process nor constitute a threat to school safety.

GUIDANCE INFORMATION

GUIDANCE SERVICES

The Cloudcroft Municipal Schools guidance counselor is available to students and parents in helping with enrollment plans, interpreting test results, college admissions requirements, financial aid, scholarships, college entrance exams, and career-vocational information. The counselor can also assist with the Next Step Plan.

Students are encouraged to take advantage of the opportunities at Cloudcroft Municipal Schools. It is recommended that students challenge themselves to the best of their ability to better prepare for success in our global society.

It is the goal of Cloudcroft Municipal Schools for every student to experience success. All students are encouraged to see the counselor to discuss personal concerns, for help in self-expression, for help in decision-making, and to improve their overall social/emotional well-being. With open communication, we can assist the student to do his/her best possible work at school and in the community.

COURSE REQUESTS

Courses are included in the master schedule on the basis of enrollment requests. Because the master schedule is determined by course requests, be very mindful in your course selection and be aware that schedule change requests will be carefully scrutinized. As Cloudcroft Middle School is a small school, most classes appear only once on the schedule; because of this, it is extremely difficult to make schedule changes. **Students failing a course required for promotion must pass the course through a correspondence course or other alternative program.**

SCHEDULE CHANGES (DROPPING OR ADDING CLASSES)

Schedule change requests must be made during the first two (2) weeks of a semester in order to earn credit in the course being added. The student is responsible for making up any work already assigned in the new class and has one (1) week from the time of entering the class to have the work turned in to the instructor. A schedule change requires the permission of the instructors, the counselor, the parent/guardian, and the principal. Schedule changes will not be made if the requested change overloads a class.

GRADING

If at any time you have a question or concern about any area of your child's educational program, please arrange a conference with the teacher(s) as soon as possible. The default grade for a missing assignment due to non-completion will be a zero until made up by the student (teachers have the discretion to take points off for make-up work that does not follow an allowable absence; please review the teacher syllabus for make-up work policies). The default grade for an allowable excused absence will be "missing" and will not affect the student's grade until the makeup period has lapsed, then, a zero will replace "missing." An EX signifies that the assignment need not be made up.

Students should expect a minimum of two grades per week recorded per class.

The grades and quality of student work will be reported as follows:

Grade	Numerical Score	Interpretation	GPA Points
A	90-100	Excellent achievement	4
B	80-89	Above average achievement	3
C	70-79	Average achievement	2
D	60-69	Below average achievement	1
F	0-59	Unsatisfactory achievement	0

A standard 4.0 grading scale will be utilized for determining activity and academic eligibility.

TESTING

State required tests: iStation (Reading) grades K-3rd, NM-MSSA State Testing (ELA and Math) grades 3rd-5th, and NMASS Science grades 5th. Formative assessments to monitor student growth: Star Reading and Math 2nd-5th, and iMSSA Reading, Language Usage, and Math 3rd-5th.

INTERIM ASSESSMENTS

Quarterly/Interim Assessments will be conducted in all content areas. For English, Math, History, and Science, the Cognia and iStations systems will be used.

Form A/Part 1 & 2 Complaint/Witness Reporting Form for HIB

Form B/Part 1 & 2 Anonymous Report Form for HIB

Bullying/Cyberbullying Prevention/Intimidation/Harassment

Cyberbullying, as defined below, is prohibited when such bullying creates or is certain to create a hostile environment on the school campus that is so severe or pervasive as to substantially interfere with the targeted student's educational benefits, opportunities, or performance.

Bullying and harassment is prohibited in the school, on school grounds, in school vehicles, at a designated bus stop, or at school activities or sanctioned events. Anti-bullying shall be included as a part of the health education curriculum as set forth in 6.29.6.8 NMAC

Definitions:

- **"Bullying"** by another student means any repeated and pervasive written, verbal or electronic expression, physical act or gesture, or a pattern thereof, that is intended to cause distress upon one (1) or more students in the school, on school grounds, in school vehicles, at a designated bus stop, or at school activities or sanctioned events. Bullying includes, but is not limited to hazing, harassment, intimidation, or menacing acts of a student which may, but need not be based on the student's race, color, sex, ethnicity, national origin, religion, disability, age, sexual orientation or gender identity.
- **"Cyberbullying"** means electronic communication that targets a specific student; is published with the intention that the communication be seen or disclosed to the targeted student; is in fact seen by or disclosed to the targeted student; and creates or is certain to create a hostile environment on the school campus that is so severe or pervasive as to substantially interfere with the targeted student's educational benefits, opportunities or performance.
- **"Harassment"** means knowingly pursuing a pattern of conduct that is intended to annoy, alarm, or terrorize another person.
- **"Intimidation"** to make timid or fearful; frighten; to compel or deter by or as if by threats

Licensed School Staff Responsibility

A licensed school employee who has information about or a reasonable suspicion that a person is being harassed, bullied, or cyberbullied shall report immediately to the school principal, an administrator, the superintendent, or any of these school officers. Any school administrator who receives a report of harassment, bullying, or cyberbullying shall take immediate steps to ensure a prompt investigation of the report and shall take prompt disciplinary action in response to these acts upon confirmation of the occurrence through such investigation. Such action may include the least restrictive means necessary to address a hostile environment on the school campus resulting from confirmed harassment, bullying or cyberbullying that include, but are not limited to,

- Counseling
- Parent-Student disciplinary conference
- Directed reflective activities
- Verbal Warning
- Written warning
- Written notification

Policies

Technology made available to students and staff in the Cloudcroft Municipal Schools are provided to enhance learning and improve communication. The Board of Education has established policy to govern student and employee use of these resources. The use of school district technological resources on district-owned devices or personal devices, including access to the internet, is a privilege, not a right. Individual users of the school district's technological resources are responsible for their behavior and communications when using those resources. Responsible use of technological resources includes behaviors that are ethical, respectful, academically honest, and supportive of student learning. Students and staff are expected to learn and apply all applicable policies. All students and employees will be informed annually of the requirements of said policies and the ways to access or acquire a copy of the same. Students and staff will annually sign a statement indicating they understand and will strictly comply with these requirements.

Copies of all these documents are available to parents and staff on the district website.

To use district-issued devices or technology resources, the students and legal guardians must sign the agreement of the electronic information services (EIS) Policy. In signing the electronic information services (EIS) Policy, students and parents have agreed they have familiarized themselves with the content. If the Responsible Use Policy is not followed, disciplinary action and consequences will be enforced, up to and including the loss of device access privileges or legal action.

Rules for Use of Technological Resources

1. School district technological resources are provided for school-related purposes only. Acceptable uses of such technological resources are limited to responsible, efficient, and legal activities that support learning and teaching. Use of school district technological resources for political purposes or for commercial gain or profit is prohibited. Student personal use of school district technological resources for non-educational purposes is also prohibited. The board permits infrequent and brief personal use by employees during personal time, provided that it does not interfere with school district business and is not otherwise prohibited by board policy or procedure.
2. School district technological resources are installed and maintained by the R9 technologies staff. Students and employees shall not attempt to perform any installation or maintenance without the permission of the building-level technology coordinator.
3. Under no circumstance may software purchased by the school district be copied for personal use.
4. Students and employees must comply with all applicable laws, including those relating to copyrights and trademarks, confidential information, and public records. Any use that violates state or federal law is strictly prohibited. Plagiarism of internet resources will be treated in the same manner as any other incidents of plagiarism.
5. No user of technological resources, including a person sending or receiving electronic communications, may engage in creating, intentionally viewing, accessing, downloading, storing, printing or transmitting images, graphics (including still or moving pictures), sound files, text files, documents, messages or other material that is obscene, defamatory, profane, pornographic, harassing, abusive, or considered to be harmful to minors. All users must comply with policy I-6400 (IJNDB) (Student Discrimination, Harassment, Intimidation, Bullying, and Cyberbullying) when using school district technology.
6. The use of anonymous proxies to circumvent content filtering is prohibited. CMS is not responsible for content accessed by bypassing safeguards that are in place.
7. Users may not install or use any internet-based file-sharing program designed to facilitate sharing of copyrighted material.

8. Users of technological resources may not send electronic communication fraudulently (i.e., by misrepresenting the identity of the sender).
9. Users must respect the privacy of others. When using Email, chat rooms, blogs, or other forums of electronic communication, students must not reveal personal identifying information, or information that is private or confidential, such as the home address or telephone number, credit or checking account information, or social security number of themselves or fellow students. School employees will follow FERPA guidelines relating to student information and media release.
10. Users may not intentionally or negligently damage computers or other devices, computer systems, accessories, software, computer networks, or data of any user connected to school district technological resources. Users may not knowingly or negligently transmit computer viruses or self-replicating messages or deliberately try to degrade or disrupt system performance.
11. Users may not create or introduce games, network communications programs, or any foreign program or software onto any school district electronic device or network without the express permission of the district-level technology coordinator.
12. Student users are prohibited from using another individual's user ID or password for any technological resource.
13. Users are prohibited from engaging in unauthorized or unlawful activities, such as "hacking" or using the computer network to gain or attempt to gain unauthorized or unlawful access to other computers, computer systems, or accounts.
14. Student users may not read, alter, change, block, execute, or delete files or communications belonging to another user.
15. Users shall only access data systems or subscriptions that are currently approved by CMS.
16. If a user identifies a security problem on a technological resource, he or she must immediately notify the building-level technology contact or designee. Users must not demonstrate the problem to other users. Any user identified as a security risk will be denied access.
17. Teachers and other staff shall make reasonable efforts to supervise students' use of the Internet during instructional time, to ensure that such use is appropriate for the student's age and the circumstances and purpose of the use.
18. Views may be expressed on the internet or other technological resources as representing the view of the school district or part of the school district only with prior approval by school administration or designee.
19. CMS does not back up student files. In the event of computer failure, user data will not be recovered from the device hard drive. Users are responsible for storing and backing up their own data.
20. Those who use district-owned and maintained technologies to access the Internet at home are responsible for both the cost and configuration of such use.
21. Users will practice Digital Citizenship to support a healthy experience and responsibility while using the Internet.
22. CMS may provide students with a closed-campus Email account. Users are expected to communicate with the same appropriate, mindful, and courteous conduct online as offline. Email usage may be monitored and archived. There is no expectation of privacy with school Email accounts. Willful misuse may result in disciplinary action and/or criminal prosecution under applicable state and federal law.

Rules for Use of Email

1. Use for official business only.
2. Do not interrupt instructional time sending or receiving Email.

3. Teachers, network, and/or site administrators may review any files and communications to maintain system integrity and ensure that students are using the system responsibly. All student Email is archived in accordance with Federal regulation.

Rules Network Publishing

1. All publications must comply with all policies and regulations of the district and all state, federal and international laws concerning copyright, intellectual property, and use of devices.
2. All CMS publications should reside on the district's network. Any exceptions must be approved by school administration or designee.
3. All publications must provide a link to the Cloudcroft Municipal Schools home page.
4. All district websites must include the statement, "Cloudcroft Municipal Schools does not discriminate in its programs or employment on the basis of race, color, religion, national origin, handicap/disability, sex, sexual orientation, gender identity, or age."
5. All publications must be reviewed and approved by the school district for distribution or posting.
6. Design of the district website is the responsibility of the Director of Schools or his/her designee. Other publications intended for the public may be designed and developed by individuals or groups of employees with permission of appropriate management staff.

Rules Web Applications

1. Staff and students will follow all contractual terms and federal guidelines for the use of sites, based on age and other terms – seeking parental permissions as needed.

CHROMEBOOK FAQs

Chromebook Identification

All the Chromebooks appear similar. However, each Chromebook is tagged with a sticker with the student's name and student ID number. Additionally, district asset tags with barcodes are on each device and each device has a serial number. The district keeps all that data; if a Chromebook is misplaced, we can determine to whom it belongs. Removal of the ID stickers will result in a student fine. No additional permanent markings of any kind (stickers, engraving, permanent ink pen, tape, etc.) shall be placed on the Chromebook or its carrying case. Devices are issued for student usage; however, they are district-owned property. Additional permanent markings on the device or its case will be considered vandalism.

Chromebooks Possession

Students will be allowed to take the Chromebooks home for school-related use. All students must have a Chromebook Policy, Internet Acceptable Use Policy, and Media Release signed by themselves and a parent before they are issued a Chromebook.

Chromebook Responsibility

Students are expected to charge their Chromebooks nightly at home and bring them to school fully charged. If one is available, students who do not bring a charged Chromebook back to school may be issued a loaner device for the day, which cannot be taken home. Loaners may not be available and your student may be without the Chromebook for the day. Students may charge the Chromebook in various locations in the school throughout the day.

Chromebook Travel

Chromebooks should never be transported while open as even gentle handling can damage the screen. Chromebooks should be safely closed and placed in their travel case before they are taken from classroom to classroom, or to and from school.

Wireless Connection

The devices will only connect to the web wirelessly. If the district's WiFi network is down during school, the Chromebooks will not have connectivity to the web. However, some features, such as access to the student's Google Drive, off-line. The work that is done offline will be backed up when a wireless Internet connection is restored.

Student Login

Students will each have an Email address that is their primary login and username. Students can change their password, but they cannot change their username. The district cannot recover passwords and students should remember them to ensure successful logins. Students and staff cannot access a district-owned Chromebook with any other login other than their district-assigned Email. For example, students will not be able log in to their personal Gmail account on a district-provided Chromebook. However, if a student logs into another device with their school username (a PC laptop, a school lab computer, a loaner Chromebook, etc.) all of their information (bookmarks, emails, documents, applications, etc.) will be available to them on that device when using a Chrome browser.

Inappropriate/Unsafe Websites

Before each Chromebook device connects to the Internet, it must pass through district network firewalls and filters. This happens whether the device is browsing on campus on school-owned networks, or off-campus using another WiFi router that is providing the Internet connection. Our web filters are programmed to block inappropriate content as much as possible.

Inappropriate Websites

Some websites are not blocked or are able to bypass our filters. Teachers and parents are encouraged to randomly check the browsing history of student Chromebooks on a regular basis. Browsing histories cannot be deleted by the students. The district will also conduct random checks of student browsing histories. If you discover any inappropriate web activity, please contact your child's teacher and/or building principal. Inappropriate web browsing is a violation of the district EIS and may result in disciplinary action.

Damage or Lost Chromebook

Students and parents will be responsible for district-owned technology property that is issued to them, just as they are for other district-owned items such as textbooks, calculators, cameras, athletic equipment or library books. The student must take care of his/her Chromebook (this means not loaning the Chromebook to another student; each student is responsible for his/her Chromebook). The district will repair or replace the device, but students and parents will be responsible for the cost of those repairs or replaced devices. Should it be reported that another student damaged or vandalized the students' Chromebook, an investigation will ensue.

Printing

Digital online file sharing between staff and students is one of the great advantages of the Chromebooks and is an easy and efficient way to distribute and turn in assignments without printing. It also saves on paper, ink, and toner use, thereby saving the district money. Students can print assignments to the Library.

Chromebook Repair

Damaged or non-functioning devices should be turned in immediately for repair. District technology staff can repair many problems in-house, which may take a day or two. Other problems may require the devices being sent out for repair, which can take several days or perhaps longer. Students who are without their device due to repairs will be issued a loaner to use during school only. Loaner devices must be returned at the end of the school day.

Repair Fees

If it has been determined the Chromebook has been damaged due to student mishandling or neglect, the student is responsible for paying for the damages.

Available Applications

There are thousands of apps available for Chromebooks covering a wide variety of topics. The apps, which run in the Chrome browser, are downloadable through the Chrome Web Store; student access to the webstore is limited.

Chromebook Updates (software and applications)

The Chromebook operating system, Chrome OS, updates itself automatically. Students do not need to manually update their Chromebooks. Chromebooks use the principle of “defense in depth” to provide multiple layers of protection against viruses and malware, including data encryption and verified boot. By logging in with their school email account Chromebooks seamlessly integrate with the Google Apps for Education suite of productivity and collaboration tools. This suite includes Google Docs (word processing), Spreadsheets, Presentations, Drawings, and Forms.

Chromebook Connections

A Chromebook can connect to the following:

- USB storage devices, mice and keyboards
- SIMS and SD cards
- External monitors and projectors, Headphones, earbuds, and microphones

Submitting Homework/Assignments

Google Drive and Canvas have features built into it that allow work to be “shared” between teachers and even classmates. Students can create documents, spreadsheets, drawings, photos, presentations, and even videos. Each item can be “shared” with a teacher prior to its due date. The teacher can then see the work on his or her own computer to review it or grade it for the student. Students will also be trained on Canvas, the platform CMS will be using for class work, homework, and assignments. Students will also be able to access any textbook materials assigned to them by the teacher via the Canvas platform.

Extended Absences

With the devices, it will become even easier for students to receive work from their teacher. Assignments, readings, and other resources can be placed online and shared with the student who is absent. The student can do the work online from home and share it back with the teacher.

Chromebook Returns

Devices will be turned in at the end of the school year to allow the district to conduct required maintenance. Devices will be re-issued at the start of the school year to continuing students. Devices issued to students who leave the district (move, etc.) will be reformatted and re-issued to other students on an as-needed basis.

Web History

The district can track what sites students visited and the amount of time students were on those sites. Students should only visit sites that are approved by the district and those that are not in violation of the electronic information services (EIS) Policy. Violations of the policy can result in disciplinary action, including student suspension from the use of the school network and device.

Parent Usage of Chromebooks

When a student is logged into the Chromebook, parents can use them to check on student work, view their browsing history, or connect with teachers through our Powerschool parent portal or via the student's email. The Chromebooks are not intended for personal use for the student or their parents.

Opting out of Chromebooks

Chromebooks are expected to be an integral part of the education all students receive at Cloudcroft Municipal Schools, and we want our students to take advantage of the powerful learning resources available with it.

Chromebook Viruses

Since the applications run through the browser and online, there is little worry about having viruses infect the Chromebook's software or hardware.

Distribution/Return Plan

Distribution process

At the beginning of each school year, days are set aside for families (each enrolled student, with a parent or legal guardian) to attend a Chromebook Agreement session.

What you can expect at the Chromebook Agreement session:

- Students must attend with a parent or legal guardian.
- In addition to a device, students will receive a power cord and protective sleeve.
- Parents and students will have an opportunity to learn more about the device and their responsibilities by viewing a presentation and reading the electronic information services (EIS) Policy.
- Staff will be available to answer any questions.
- All documents must be signed, and all steps in the process checked off in order for the device to be released to the student.

Return

Students will return their fully functional device at the end of each school year. The Chromebook, power cord, and protective sleeve must be returned. Upon transfer or termination, any device not returned within 7 days will be reported as stolen and a police report will be filed.

Devices go through standard maintenance over the summer, but when possible the same device is reissued to the same student the following school year. The device and accessories remain the property of Cloudcroft Municipal Schools. The district reserves the right to collect and/or inspect a student's device at any time and to delete any material or applications deemed inappropriate. Sleeves issued by the district to protect devices follow the device. Use of a device sleeve is required. Replacement for any reason will be at the user's expense.

Report cards, diplomas, and/or transcripts can be withheld from students who do not return devices at the end of the school year. Continued failure to return a device will result in the district filing a theft report. The student will be responsible for intentional damage to the laptop and accessories – in which case payment for repair or replacement will be required.

Home and School Use

Devices are purchased and equipped specifically for use at school and home. In addition to software, any device connected to the internet is filtered through the district purchased cloud server – offering additional protection against landing on an inappropriate or undesirable site. We are constantly working to improve the filtering integrity of our network but rely on users (teachers, parents, and students) to guide these improvements. Parents and students are asked to report concerns about any site to the tech coordinator or administrator at their school.

As always, adult supervision and parental guidelines are the best internet filtering available. District-issued devices are maintained by district personnel, and all devices are updated with the latest available software when available. Instructionally, teachers can easily give assignments for completion at home or school when all students are using the same device and operational platform. Students without “at-home” privileges are required to arrive to school early enough to check out a device for class before school begins. Likewise, students must take the time to return devices before departing for home each afternoon. Each school will establish detailed procedures for day-users.

In the event of a school closure, students who have been granted day use of a device will be required to return the device when school resumes.

Device Replacement

Students will be assigned a device and when possible will use that same device, year after year, until the device is upgraded or replaced by the district. Should a device fail during the school year and require repairs, a loaner device may be issued to a student for the time it takes to repair the original device. As part of this process, it is important to remind students to regularly save all personal files to an external source or cloud storage. Some insurance companies offer coverage against theft – check with your insurance agent for details.

Families will be responsible for full replacement value of any device lost or stolen.

Wi-Fi Options

Accessibility to Wi-Fi is an important success factor for students at school and home. Our survey results from families indicate that a large majority of families have access to consistent and high-speed internet at home. However, there are about 10-20% of our families who do not have reliable access to the internet at their residence. To serve these students in the early stages of 1:1, we are partnering throughout the community with business and industry, in the service and government sectors, and other groups and individuals to provide access close to the home or in the home of every student.

Student Use of Technology

Charging the battery: Students must arrive each day with a fully charged device and a charger. As is the case with many electronic devices, including cellular phones, computer devices need to be fully charged. Students should not expect to charge devices at school. Being prepared for class includes having a fully charged device. If the Chromebook requires charging throughout the day due to use, students have multiple places in which to charge their devices.

Backing-Up Files and Data: Students supplied with a district-issued device are required to back up any files or data. It is the responsibility of each student to back up his or her own data. In the event a device is being serviced or swapped out with a loaner, it is critical to have access to all important files.

Probationary Student Privileges: To protect the assets of the CMS, students who have violated any Use Policy will be required to turn in their Chromebooks at the end of each day for a period to be determined unless otherwise specified in the electronic information services (EIS) Policy. The student will be allowed to check it back out on a daily basis. The check-in/check-out location is in the school Library.

Chromebooks left at home: If students leave their Chromebook at home, they will be allowed to phone their parent/guardian to bring it to school prior to 8:00 A.M. If unable to contact parents, the student will have the opportunity to use a replacement Chromebook if one is available. Repeat violations of this policy will result in disciplinary action.

Sound: Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes. Headphones may be used at the discretion of the teacher.

General Care of Equipment: As with any school property, students are fiscally responsible for damage to devices. Student devices will be periodically checked for physical condition and acceptable use. Device identification tags shall not be removed for any reason. Clean the Chromebook screen with a soft cloth; do not use cleaners. Keep the device away from potential dangers such as, but not limited to, excessive weight, food, liquids, pets, and coverings (such as placing the device on or under blankets). Keep your device in a safe area.

Accidental Damage/Loss: Loss or damage due to negligence will be the responsibility of the parent/guardian. When damage occurs, a replacement machine will be issued until all repairs are complete. Parents/guardians are not authorized to attempt repair or secure the services of a technician for repairs – as this may void the manufacturer's warranty.

Personal Devices: Students will have their issued Chromebooks; **students are not to bring personal devices to school unless approved by school personnel.** Cloudercroft Municipal Schools is not responsible for content viewed through personal devices or the damage, loss, or theft of personal devices.

Code of Conduct: CMS behavior plans and consequences related to proper use of technology electronic information services (EIS) will be followed. School handbooks and student discipline codes direct actions. Accidental damage, loss, or theft are the responsibility of the parent/guardian. Further, no right of privacy exists in the use of technological resources. Users should not assume that files or communications accessed, downloaded, created, or transmitted using school district technological resources or stored on services or hard drives of individual computers will be private. School district administrators or individuals designated by the Director of Schools may review files, monitor all communication, and intercept Email messages to maintain system integrity and to ensure compliance with board policy and applicable laws and regulations.

Internet Safety: In accordance with the Children's Internet Protection Act- [CIPA](#), all devices reside on the district's network. The district maintains an Internet content filter. Student Internet use on district-issued devices will be filtered through the district's Internet content filter regardless of home or school use. There should be no expectation of privacy when using devices and curriculum resources. When students are either on campus or at home using

school-provided devices, the filter kicks content back to our server. As needed, the filter can be programmed to add or remove blocks or allow additional content for educational purposes. Any attempts to bypass the filter or visit unacceptable sites constitute a violation of the electronic information services (EIS). While it is impossible to predict with certainty what information on the internet students may access or obtain, school district personnel shall take every reasonable precaution to prevent students from accessing material and information that is obscene, pornographic, or otherwise harmful to minors, including violence, nudity, or graphic language that does not serve a legitimate pedagogical purpose. These procedures comply with board policy and the mandates of CIPA. CMS is not responsible for the content accessed by users who connect to the internet via their personal mobile technology. All offenses of misuse or abuse of the device will be elevated to a school administrator. Potential consequences could include but are not limited to, verbal warnings, seating assignments, after-school detention, suspension of technology use, limited to day-use only, or revoking all device privileges.

When using school or district-provided software or programs, special permission is required to post pictures or video that includes images of students. School district personnel follow strict guidelines to protect student privacy and all students and families should seek approval from school personnel to post video or pictures that include students. Student's online behavior has a direct and immediate effect on school safety or maintaining order and discipline in the schools; the students may be disciplined in accordance with board and school policy.

In accordance with district policy, cyberbullying is unacceptable and will not be tolerated. Students must not share their login information and passwords with other students, and students should not loan out a device or log in as someone else.

CMS may use any means available to request the removal of information on personal websites or social media sites that substantially disrupt the school environment. No one may utilize school district or individual school names, logos, or trademarks, or unapproved pictures or recordings without permission. CMS recognizes and communicates that it is unlawful to publicly post or share pictures or media of other individuals without the consent of parents for minors.

QUICK TIPS for Device Users

- ❖ Keep the device secure and damage-free.
- ❖ Keep the charger in a secure place, free from damage.
- ❖ The Chromebook, charger, and protective case are on loan to you. Do not loan them to anyone else; they are your responsibility.
- ❖ Store devices safely when they are not in use.
- ❖ Keep your device safe and free from damage; do not leave your Chromebook:
 - Unattended anywhere (such as in a vehicle)
 - Near food or fluids
 - Near pets
 - On the floor where it can be stepped on.
 - Stacked on books
 - Outside, near pools or bathtubs
 - Near water

- ❖ Back up data and other important files regularly. CMS will at times perform maintenance on devices by imaging. All files not backed up to server storage space or other storage devices will be deleted during the process.
- ❖ Ensure devices are fully charged prior to arriving at school each day.
- ❖ Students should not deface, damage, or decorate their device in any way (i.e. marking, drawing, stickers, glitter, popping off keys).
- ❖ Students are responsible for the care and cleaning of their laptop (cleaning screen and keyboard lightly with a damp cloth only and never using chemical cleaners on the laptop).
- ❖ Students should use care when plugging things into their laptop.
- ❖ The laptop should be completely closed when placed in a backpack and transferring between classes.
- ❖ Devices and power adapters should not be placed on top of or under soft items (like blankets). Doing so can cause these items to overheat (possibly catching fire) and become damaged.
- ❖ Students must transport devices closed in their backpack, with the backpack completely zipped closed and with both shoulder straps secure on their shoulders.
- ❖ Students should follow all Digital Citizenship guidelines (this includes cyber bullying)
