

We are happy to announce the re-opening of our Track and Field to be used by our community. To protect your investment and keep the facility in the best condition for our students, there are several requirements that must be followed to prevent damage to the turf and track surface.

These requirements are:

*NO PETS

*No jogging Inside Lanes

*No bicycles, In-Line Skates, Strollers or Other Wheeled Implements

*No Food, Drink, or Gum

*Only 1/8" to 3/16" Pyramid Spikes

Security cameras have been installed to monitor all use. Please use the track and field facility properly to protect our community's investment in this Beautiful Facility for OUR students.

Thank you for your understanding.
